Song BooK

CTK-411

CASIO

Using the Sheet Music

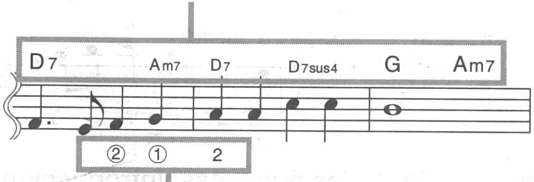
Due to copyright restrictions, the following Song Bank tunes are not included in this Song Book.
Song Numbers: 00 through 14, 40, 64 and 71

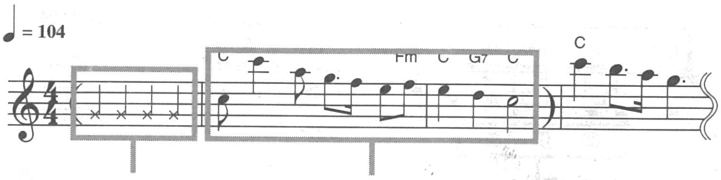
■ Level Indications

LEVEL A	LEVEL B	LEVEL C	LEVEL D
Easy	Normal	Difficult	Very Difficult

■ Chords

- Play the chord indicated by the large letters.
- After getting used to playing a piece, you can also add the chords indicated by the small letters, which adds more detail to the accompaniment.





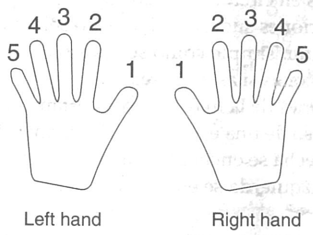
■ Count

■ Small Notes: Intro

■ Fingerings

- Circled numbers indicate crossing of fingers.
- These suggested fingerings have been selected to make play as simple as possible. You can also use other fingerings if you wish.
- Right hand fingerings are noted for the melody. In the case two-handed play, the right hand fingerings are above, while left-hand fingerings are below.

■ Fingering and finger numbers



■ Notes

- Intro and ending notes are also included within the musical scores for your reference. Intros and endings are indicated in the scores by small-size notes enclosed within parentheses. These notes are played during playback of Song Bank tunes.
- All chords are included in each arrangement, which may make certain pieces difficult to follow by less accomplished players. The chords indicated by small letters enclosed in parentheses in the sheet music of this book may be skipped in order to make a particular piece easier to play.
- The indication N.C. means no chords. If you prefer to play chords where N.C. is indicated, play the chords shown in parentheses beneath the N.C. mark.
- Fingerings marked by numbers enclosed in circles indicate places where fingers must be crossed to play notes. ③①, for example, indicates that the thumb is crossed underneath the middle finger, which is pressing a key. ①②, on the other hand, indicates that the index finger is crossed over the thumb, which is pressing a key.
- Including the fingerings for all notes would make the musical scores very difficult to read, so only the fingerings of initial notes and sections that require particular attention are noted. Detailed information on all fingerings can be viewed on the keyboard's display.
- Musical scores included general information about keyboard pressure, even though this keyboard does not have touch response capabilities.
